Call Forwarding

Instantly forward all calls to an alternative phone number of your choosing. Additionally, you may forward calls based on a custom pre-defined criteria (Custom Inbound Call Routing).

To setup call forwarding, login to your vPanel at account.voipo.com

1) Click on "Features"
2) Click on "Call Forwarding" on the left column
3) Under "Call Forwarding" select in the drop down "Forward"
4) In the field "Call Forward Number" specify the ten digit number you wish to forward to (no spaces/dashes)
5) Click "Update" to save your changes
