---

To change the time zone used for Call History and other time-based features,

1. Log in to your VPanel at [account.voipo.com](https://account.voipo.com).
2. Click the tab labeled "Account". Once the page loads, click the "vPanel Preferences" link on the left column.
3. Use the drop-down menus to select your preferred time zone and time format (12hr or 24hr).
4. Click the Update button to save your changes.
